

# Must-Have Benefits for the Manufacturing Workforce

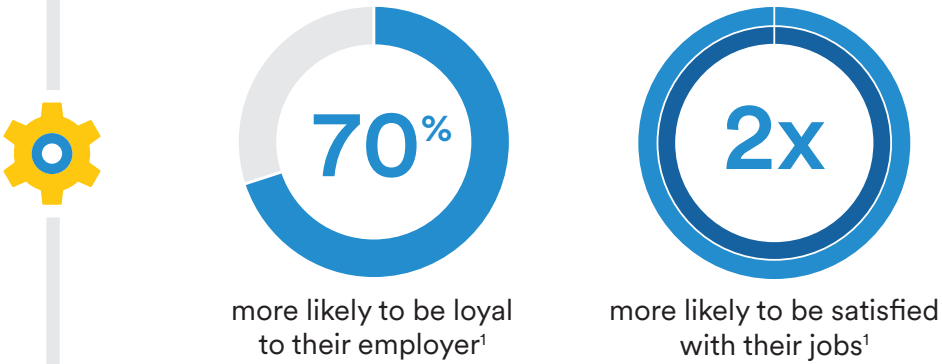

Our holistic benefits suite can help your members build a happier, healthier, more resilient workforce.

Manufacturing industry employees prioritize benefits like dental, vision, life, and disability insurance.<sup>1</sup>

Benefits are good for employees — and for business. Employees who are satisfied with their benefits are:

**MetLife has served the manufacturing community for more than 100 years.** We understand what manufacturing employees are looking for, and we're here to provide the protection they want for themselves and their families. **We can help your manufacturing association grow and thrive.** MetLife can help you meet your members' needs with our full suite of turnkey benefits solutions, expertise, and ongoing support.

**Add MetLife benefits to your offering and add value for your members. Contact your MetLife representative to learn more.**
